Bajaj Finserv Programming Challenge (Qualifier 1)
Symbiosis Institute of Technology | 6th August'21

Introduction

Consume this API to upload your basic details like Name, Email, College Id, Registration No., and your secret Password and code to move to the next step

Overview

You should adhere to the signature of the API and should get a success message from the response

Authentication

This is an open API and does not require any authorization

Error Codes

Any response other than **_'Your details have been submitted successfully'_** and status code:**_200_** would be considered un-successful attempt. You can retry in case of any response message other than '**_Your details have been submitted successfully'_**.

Rate limit

You can only try and call the API 10 times at max. In case of multiple attempts, the last attempt would be considered the final submission
